

When the pastry reaches the required thickness it is automatically reeled up onto the rolling pin.

Cutting roller for use with the SF600 model.

Cutting rollers can be tailor made to give all types of croissants and any kind of bakery products.

SF600

The SF600 model can be supplied on request with a cutting roller which can be easily fitted to the machine

Kemplex sheeters:

- Work all kinds of dough, even of very thin thickness.
- Scrapers can be removed in just a few seconds for daily cleaning.
- Rolling cylinders are calibrated, polished and chromium-plated with hard chrome.
- The bearings are all screened to avoid contamination.
- Adjustable speed conveyors avoid causing wrinkles on the pastry.
- The low voltage electrical supply can be controlled either by hand or by a foot operated pedal and the electrical system is linked to accident proof safety guards.
- The A Frame machine is mounted on wheels and is therefore fully mobile.
- All models can be supplied with either a painted or stainless steel base.

SFB500

The SFB500 bench model is ideal for use in small areas

SF500

The SF500 model is available as an A-frame and bench model

Technical details

SF600	
Cylinder Lengths	mm. 600
Diameter of Cylinders	mm. 70
Opening of Cylinders	From 0 to 35 mm.
Belt Measurements	mm. 600x1200
Dimensions-Working	mm. 2780x1010x1160
Dimensions-Closed	mm. 640x1010x1960
Motor	Hp 1
Weight	Kg 215

SF500	
Cylinder Lengths	mm. 500
Diameter of Cylinders	mm. 60
Opening of Cylinders	From 0 to 35 mm.
Belt Measurements	mm. 500x980
Dimensions-Working	mm. 2320x880x1100
Dimensions-Closed	mm. 560x880x1700
Motor	Hp 1
Weight	Kg 180

SFB500	
Cylinder Lengths	mm. 500
Diameter of Cylinders	mm. 60
Opening of Cylinders	From 0 to 35 mm.
Belt Measurements	mm. 500x715
Dimensions-Working	mm. 1800x640x750
Dimensions-Closed	mm. 450x640x750
Motor	Hp 1
Weight	Kg 115

A handy space saving device when the machines are not in use is that the tables can be folded up and on the SF600 model can be removed.

Kemplex sheeters have been designed and developed to be both functional and easy to use.

The SF/SFB500/SF600 models have been specially designed for use in hotels, restaurants, pastry shops and also for use in small to medium sized bakeries.

The machines are very easy and safe to use and comply with international safety standards.
