

# Toasters

## Vizu Bun Toaster

- High temperature unit caramelizes and seals buns to resist moisture absorption and increase the hold time of burgers.
- High output from a compact unit - ideal for busy kitchen environments.
- Polymer coated, long life, non-stick platen prevents buns sticking, slowing output.
- Adjustable thickness control to suit a variety of bun sizes.
- Two speed control.
- Removable carriage for easy cleaning
- Through put of 6 seconds per bun
- 20 buns toasted per minute
- 1200 buns per hour
