A NEW WAY OF CONCEIVING COFFEE IS BORN

FUTURMAT SENSIOUS, THE MOST ECLECTIC CREATION FROM QUALITY ESPRESSO

Quality Espresso has developed an espresso machine that combines the solvency and robustness of the prestigious Futurmat brand with the latest technological advances. Its contemporary and attractive design does not leave anyone indifferent.

The result is Futurmat Sensius, a machine which beats to the rhythm of each espresso blend, extracting from each coffee origin a cup of pleasure, full of nuances, aromas and intensity.

Futurmat Sensius is born from the experience and capacity for innovation of a company with a history of more than 60 years and with a presence in over 90 countries. Quality Espresso presents a product that is extremely reliable, with an exquisite Italian design, and which has caught the attention of baristas and coffee enthusiasts from inception.

Tall cup model available in black

FUTURMAT SENSIOUS, THE BARISTA MACHINE

STRIVE FOR THE PERFECT ESPRESSO

Your espresso blends are appreciated for their wonderful aroma and flavour, values that are recognized thanks to your experience, your knowledge of coffee roasting, and your meticulous selection of the best coffee origins. All this colossal effort is concentrated in the intense nuances, often indescribable, that come to life in a cup of coffee. *Would you pass up the opportunity to create your coffee on an exceptional machine?*

With the new Futurmat Sensius, Quality Espresso has fulfilled the dream of coffee roasters and espresso enthusiasts around the world, controlling all the variables in perfect symphony, achieving the perfect espresso.

ITALIAN DESIGN, COSMOPOLITAN CHARACTER

EMOTIONS IN HARMONY

The design of the Futurmat Sensus is inspired by Italian avant-gardism whilst encompassing the latest European minimalist trends. **The symmetry of its flowing forms combined with noble materials and a fine finish leaves no room for indifference. Its elegant and refined lines express the emotion of a perfect espresso.** Its three colours combine magnificently with any kind of interior, however luxurious, informal, traditional or sophisticated the establishment might be.

Futurmat Sensus will become the centre of attention, thanks to its unusual beauty of its geometry, raising the perceived value of any setting.

ADVANCED TECHNOLOGY, EXCEPTIONAL QUALITY

RELIABILITY AND DURABILITY FROM START TO FINISH

Quality Espresso is renowned for the development and manufacture of espresso equipment of extraordinary quality and robustness. This is without doubt one of the reasons that has led Futurmat to be considered as one of the most trustworthy and prestigious coffee machine brands in the world.

Today, with our new model Sensius, coffee enthusiasts of the purest Italian style are in luck. Quality Espresso has once again raised the concept of quality in the professional coffee serving sector. Its secret is the perfect balance of all aspects of coffee preparation: controlled pressure, constant and continuous delivery with a thermal stability that guarantees perfect espresso extraction.

However, quality does not stop at the perfect extraction of coffee: the use of stainless steel for the water and steam outlets, a control panel with tactile buttons for beverage selection and a precision pressure gauge all make the Sensius a desirable professional coffee machine.

SMARTIA

A connectivity solution for the remote management of the Futurmat Sensius, improving both productivity and efficiency.
