

MARINATION RANGE

VIZU 50LB. COUNTER TOP TUMBLER

- Perfectly suited to a kitchen that requires high quality marinated meats in a quick turnaround.
- Features large rubber coated rollers and a digital programmable timer control, for precision marinating.
- A vacuum pressure gauge display also ensures perfect results every time.
- Features a direct drive system, lid locking mechanism, top roller wheel, self-levelling leg supports, and an emergency stop button all built in to the premium grade stainless steel construction of the unit.
- The tumbler has a small counter top footprint with an easy clean design.
- Powerful vacuum pump draws marinade deep into the meat product
- Pre-programed cycle times ensure the correct timing for the vacuum cycle
- Easy to clean vacuum chamber pot with removable parts
- Safety lid design with lid locking mechanism for security during tumbling
- Vacuum filter prevents fluid damaging pumps
- Top Locking Wheel ensure tumbling in consistent and safe
- Easy to reach safety stop button
